Space
Washington, D.C. 20510

Dear Jim:

Enclosed are several Agency published atlases; also-enclosed is one on the USSR. I believe that you will find them interesting and useful. Thanks so much for your help with Senator Stevenson's visit to Headquarters. Our people believe that we were able to point out informational functions which the Agency carries on, which so far no one but Senator Setevenson has shown any interest.
